Specialty coffee and café flavorings, delivered.

Star Mountain Roasters is a Salt Lake City family roastery and distributor. Beyond our house-roasted coffee, we stock and deliver hundreds of café and beverage products to cafés, restaurants, and grocers across Utah — sourced and warehoused locally for fast replenishment and short lead times.

This catalog is our complete standard wholesale line at list pricing — the right starting point for new accounts and customers not yet on a negotiated price agreement. Coffee roasted daily anchors the program, alongside Torani and Monin syrups, teas and chais, blended and frappe bases, sauces and toppings, energy drinks, non-dairy milks, and the pumps and accessories that round out a beverage program. One catalog, many brands, one invoice.

VOLUME PRICING

Volume discounts apply. At volume, our most premium, highest-grade roasted coffees can land at even lower prices — some of the finest coffee available, priced to win the shelf and hold its price while the rest of the market can't.

All coffee is small-batch roasted to order from top-grade (Grade 1 Specialty) green beans. Lead times are short; whole bean is standard, ground-on-request available. Six shelf-ready retail blends are also offered in 12 oz and 5 lb packaged formats — ask for the retail program sheet.
